

Welcome Here

(Slow 6)

Intro Vamp ||:Em7 Cadd2 G(add2) D:||

As I come into Your presence

As I offer up my life

May I humbly be before You a living sacrifice

And I know all the angels that bow down before You

Rejoiced when I became Your own

But it cannot compare to the moment I'm there

When You come and take me home. (Take me home)

I want to be closer to You, Lord.

I want to be with You, with You

I want to be closer to You, Lord.

Oh my Lord, You are welcome here.
